Submitted to His Highness.

These papers relate to Mysore-Madras Arbitration Cauvery Dam gaugings.

2. It was intended to appoint, as our nominee on the Committee of Arbitration, Mr. N.N. Ayyangar of the Bombay Public Works Department, for the loan of whose services an application has been separately made to the Government of Bombay. In view of the fact that the Government of Bombay have asked for payment of higher emoluments and that one of the important items of work (viz., investigation of the Jog Hydro-electric project) on which it was proposed to employ him has been practically completed by the Electrical Department, it may not be necessary now to obtain the loan of Mr. Ayyangar's services. Besides, the rank of Mr. N.N. Ayyangar in the British service is low as compared with that of Mr. Howley (retired Chief Engineer of Madras) who has been nominated by the Madras Government as a member of the Arbitration Committee. I have therefore informed Sir M. Visvesvaraya that Mr. Ayyangar's services may, if at all, be required only for the Iron Works and am awaiting his reply before further pursuing the matter.

3. I think Mr. S.G. Forbes, Chief Electrical Engineer, who is an Engineer officer of high standing and repute may be appointed to represent us on the Committee of Arbitration. This proposal has been agreed to by the Members of Council. I have already submitted this in person to His Highness and arranged to take the needful action.

4. During the employment of Mr. Forbes on other duty, Mr. C.M. Cariappa may act as Chief Electrical Engineer as on a previous occasion.

5. Mr. C. Subrahmanya Iyer, Munsiff, has been placed on special duty in order to help the Secretary to Government, Krishnarajasagara Works, in the preparation of our case under the direction of

of Mr. Justice Srinivasa Iyer of the Chief Court.
